VETS NOT PREFERRED.

House Turns Down the Bill to Give Them the Plums.

SENATE GRINDING ON THE TREATY.

Charges Against Judge Noyes of Alaska To Be Given a Sweeping Investigation—Forecast of the Week in the House and Senate.

Washington, Dec. 17.—This was individual suspension day in the house. The speaker first recognized Mr. Bromwell (O.) who moved to suspend the rules and pass the bill reported by the civil service commission to give preference to honorably discharged soldiers of the civil war and after them honorably discharged soldiers of the Spanish war and the war in the Philippines be given preference both in appointment to office and retention therein and that loss of limbs or other physical impairment which does not incapacitate shall not disqualify them. After an interesting debate the bill was defeated 51 to 105.

A bill was passed authorizing the secretary of the interior to fix the boundary between Texas and Oklahoma and to inquire into the claims of the state of Texas for monies expended while Greer county was a part of Texas.

Bills were passed to divide the states of West Virginia and Kentucky each into two judicial districts.

The senate bill to provide for an additional district judge for the northern district of Ohio was passed. The bill is designed to relieve from duty Judge Ricks of Cleveland who has been incapacitated for some time.

Mr. Newlands introduced a bill for the construction of reservoirs for the storage of water on the Humboldt river in Nevada and for the disposition and settlement of public lands within reach of the stored waters. Mr. Newlands expects to follow it up by other bills similar in character and relating to the Truckee, Carson and Walker rivers.

The urgent deficiency appropriation bill was reported covering various urgent items aggregating \$182,500.

Under the concurrent resolution already passed congress will adjourn Friday until Jan. 3 for the holidays. The week in the house is not likely to be important unless the river and harbor appropriation bill should be taken up Wednesday or Thursday. There has been no decision upon this point, however. Tuesday is set aside for the consideration of District of Columbia business.

In the Senate.

In the senate a bill extending to homestead settlers on the Chippewa Indian reservation in Minnesota, the right to commute their interests was reported by Mr. Nelson (Minn.) but after a brief discussion of the measure, in an effort to make it general in its application, it was recommitted to the committee. Mr. Carter (Mont.) introduced a resolution calling upon the judiciary committee to investigate and report to the senate the facts in the charges against Judge Noyes of Alaska. The resolution is more comprehensive than that presented by Mr. Brick of Indiana in the house, and covers allegations previous to the appointment of Judge Noyes. It was referred to the judiciary committee.

The senate at 1:20 p. m. went into executive session for the further consideration of the Hay-Pauncefote treaty. Mr. Money (Miss.) spoke in favor of an American canal and against the treaty. He favored the abrogation of the Clayton-Bulwer treaty. The senate committee on military affairs referred the army reorganization bill to a subcommittee consisting of Senators Hawley, Proctor, Dewell, Cockrell and Harris.

Most of the week will be devoted by the senate to considering the Hay-Pauncefote treaty if it should be necessary to do so in order to get the ratification resolution acted upon, and in case there is any surplus time it will be devoted to the ship subsidy bill. None of the appropriation bills can be reported to the senate in time for consideration during the week, and the same may be said of the army bill. An effort will be made to report the army bill during the week and it may be successful, but it can not possibly be taken up until after the holidays.

London, Dec. 17.—Report of another severe battle resulting in a British victory is current here. According to the story the fighting began at daybreak and lasted several hours. The Boers, which numbered from 1,500 to 2,000 men, were surrounded at the Orange river and totally defeated with heavy losses in killed and wounded. A number of Boers, it is added, were captured.

GROVER'S VIEWS.

Says Democratic Party Should Get Back to First Principles.

Atlanta, Dec. 17.—The Atlanta Journal prints an interview with ex-President Cleveland obtained by a staff correspondent at Mr. Cleveland's home.

"In my opinion," said Mr. Cleveland, "the great need of the Democratic party is a return to first principles. The Democratic party has not fatally disorganized, but it sadly needs rehabilitation on purely Democratic lines."

"What is the matter with the party?"

"It has in my humble judgment simply wandered off after strange goals. A large mass of Democratic voters saw this before the last election. They remained quiet, but when the time came to vote they said: 'This is not Democracy,' and refused to support it."

"As I see it," said Mr. Cleveland, "it is the duty of Democrats everywhere to aid in the rehabilitation of the party. There are some signs of an insistence upon the necessity of a return to Democratic doctrines in the south, but they are not so general as I would like to see."

"What of the future?" was asked.

"With a sincere return to its old-time doctrines," he replied, "the old-time victories of the Democratic party will certainly be won."

Arbitration Conference

Chicago, Dec. 17.—A conference on "Industrial conciliation and arbitration," under the auspices of the National Civic Federation, began here Monday at Steinway hall. The conference has for its object the stirring up of public sentiment by means of intelligent discussion between representatives of labor and employer, rather than of taking definite action. President Samuel Gompers of the Federation of Labor was present, and spoke at night. There were addresses by Franklin McVeigh, United States Labor Commissioner; Carroll D. Wright, E. D. Kenna, of the Acheson, Topeka and Santa Fe; E. Dana Durand, secretary of the United States industrial commission and others.

Points One Way Out.

London, Dec. 17.—Discussing the attitude of the United States senate relative to the Hay-Pauncefote treaty the Westminster Gazette says it is perfectly natural the United States should desire to exact guarantees against the use of the Nicaragua canal by an enemy in the event of war. The article in question declares that because America desires a concession is not sufficient reason for taking it without giving an equivalent in return and suggests that "a way out of the difficulty is to settle the vexatious Alaskan boundary against the abrogation of the Clayton-Bulwer treaty."

FRACAS WITH FRANCE.

Prospect of a Rupture Over South American Aggression.

DISPUTE ABOUT BRAZIL BOUNDARY

Swiss Tribunal Allotted the Contested Area to Brazil—French Financiers Trying to Make a Deal. State Department Notified.

Washington, Dec. 17.—Territory until recently in dispute between Brazil and France, which has been decreed to belong to Brazil, may shortly become the subject of a dispute between France and the United States under the Monroe doctrine. This territory, lying south of French Guiana, in the Brazilian state of Para and containing 100,000 square miles, was claimed by Brazil and France. Switzerland was made arbitrator, and the decision was in favor of Brazil. It is reported that French financiers, anticipating the decision would be favorable to France, invested their capital in this territory. They are, it is said, trying to engineer a deal by which the French government will buy this land from Brazil.

The state department has absolutely no knowledge on the subject. Its attention has been called to the matter and the attempt of the French capitalists to secure government aid in getting their money back will be watched with interest. There is hardly any question, it is said at the department, that such action would be a violation of the Monroe doctrine and would call forth a protest from the United States. As long as the claim was in its original form, France might have maintained that she was simply rectifying her boundaries, and that the United States could not object to that. Even in that case, a rectification of boundaries which involved an area of 100,000 square miles would be closely scrutinized. France has, however, forfeited the right to make that claim by submitting the matter to arbitration by Switzerland and getting an adverse decision. The territory has been officially decreed by the Swiss tribunal to be outside the boundaries of French Guiana.

Got Away Again.

Mazeru, Dec. 17.—It appears that Dewet's force was twice repulsed before it broke through the British lines in the neighborhood of Thabanchu. In the third attack Dewet led in person. With a few determined men he charged and broke the British lines, the rest of the commando following. He was forced, however, to leave in the hands of the British a 15-pounder and 15 wagons with ammunition and stores. Commandant Haasbroek, with a commando and two guns, tried to get through Springkants Nek, but was driven back, losing 40 men.

London, Dec. 17.—William De Ronde Pos is taking legal action against John Alexander Dowie, the Zionist of Chicago, claiming that he was libelled in the issue of Dowie's "Leaves of Healing," of Oct. 16, in which publication the Rev. Mr. Pos is accused of fraud and immorality. Counsel for plaintiff described Dowie as a British subject, said he was now in Paris on his way to Switzerland, and asked the court's permission to serve a writ out of its jurisdiction. Leave was granted, subject to Dowie having liberty to appeal against the order.

HOLD YOUR TOBACCO.

The Price Is Low and the Crop Is Poor Pay at Present Figures.

[Carristie Courier.]

Mr. French, the local representative of the Continental Tobacco Co., received the first crop of tobacco we have heard of being sold here this year, the price paid being 3c. per pound. Prices like this look a little blue for the farmer. We would suggest that they risk their tobacco on the breaks either in Cincinnati or Louisville rather than give it away at home.

[Bath County World.]

The Continental Tobacco Co., which is the only buyer to whom the farmer can sell, but the trust must have the tobacco and have it soon. Then why don't the farmers hold their tobacco until the trust offers a better price? They would not be compelled to hold it long, for the trust must have it, or go out of business, temporarily at least. We repeat: Hold your tobacco.

Purcell for the past five years where, by her courteous treatment to patrons, she has made many friends for both herself and the house."

THE DOW TAX IS VALID

Constitutionality Passed Upon by Court of Last Resort.

IS WITHIN STATE'S POLICE POWERS.

West Virginia Firm's Property Was Seized In Default of Taxes and Tested the Question in the Federal Courts—Must Settle.

Washington, Dec. 17.—The supreme court of the United States affirmed the decision of the circuit court of the United States for the southern district of Ohio in the case of the Reymann Brewing company vs. Harry Brister, treasurer of Jefferson county, Ohio. The case involved the constitutionality of the Ohio law known as the Dow law, providing for taxation of the liquor traffic. The Reymann company is a West Virginia corporation and it alleged that in the seizure of its property to pay the tax there was discrimination by the constitution against an Ohio institution and therefore the statute is void. The court held that while there is a proviso exempting sales in quantities of more than one gallon at the place of manufacture, the exemption is not confined to Ohio corporations or partnerships.

Justice Shiras, who delivered the opinion of the court, said the exemption came within the exercise of the police power of the state and was intended to lessen the evils attaching to saloons. It was not therefore a violation of the constitution of the United States.

I have been in this locality for some time and I told all my friends that if the detectives asked for me to tell them I am here, and if there is to be any trouble I will take the trouble myself. I am not afraid of any man, or lot of men on earth. I won't bother any one who don't bother me. I am prepared for anything that might happen." Kuhns added that he would not run and declared that whoever attempts to corner him must take the consequences. He is covered with scars as the result of his recent battles. Kuhns was heavily armed.

THE annual report of R. G. Dun & Co. shows the number of failures in this country for the year ending December 1st were 10,407, as against 9,700 for the same period in 1899, and the amount of liabilities this year is \$140,702,944, as against \$89,202,750 last year. And this, too, in the face of the McKinley-Hann prosperity.

THE Chicago Times-Herald, produces figures to show that during the past year over 10,000 homicides have been committed in the United States. Texas heads the list with 1,021, New York comes next with 512, Alabama with 461, Tennessee with 408, while Kentucky and Missouri with 498 and 362 respectively. "The record is a horrible one," remarks the Lexington Morning Herald, "and is enough to make one stand appalled. The number of killed exceeds those of half a dozen of the recent wars and calls aloud for some remedy to stay the bloodshed that is daily becoming more alarming."

BRYAN DEALS MCKINLEY SOME HARD BLOWS.

"The annual message of President McKinley has not anywhere or by anybody been subjected to so keen an analysis and to such illuminating criticism as that which Mr. Bryan makes," says the New York World.

"The great amount of space given in the message to the Philippines and the scant attention to the money question lead Mr. Bryan to suggest that the President now accepts the former as the paramount question" and he finds a "Jekyll and Hyde ring" in the juxtaposition of platitudes about "American liberty" and "Republican institutions" with "imperialistic plans for the governing of a subject race." Mr. Bryan declares that—

The whole plan rests upon the theory that a government can be imposed by an outside power, and that the subject must obey all rules, orders or decrees emanating from the foreign sovereign, or disobey at his peril. There is no difference in substance between the President's plan for the government of American colonists or Queen Victoria's plan for the government of India and the Transvaal. We are to have a republic in name but an empire in fact; we are to clothe a President with the prerogative of a king.

"Mr. Bryan does not go quite so far as the London Saturday Review did in saying of the President's rose-colored review of the situation in the Philippines that 'it does not contain a shred or tittle of the truth,' but he does assert that the President's optimism 'is not warranted by anything which has occurred in the past.'"

"Mr. Bryan finds it 'interesting to compare the treatment of the anti-trust law.' The former, he says, 'is warmly approved and urged with all the ardor of an enthusiast, while the latter receives but little consideration and is dealt with in a perfunctory manner.' And he sarcastically observes that the fact that trust stocks, with Standard Oil in the lead, have been rising in value since the election, and the further fact that several of the trusts have already commenced to recoup themselves for campaign expenses, have made no impression upon the Executive mind."

"In the President's recommendation of a standing army of 60,000 men, with authority vested in himself to increase it at will to 100,000, Mr. Bryan finds a realization of the fears expressed on one side and pooh-poohed on the other during the campaign."

The fact that the message 'contains nothing to indicate that our people sympathize with the Boers, or that our government disapproves of the annihilation of two independent republics' leads Mr. Bryan to say:

France, surrounded by monarchies, can raise her voice in behalf of those struggling for liberty, but our nation, the greatest republic of history, with an ocean rolling on either side, remains silent. Could anything better illustrate the paralyzing influence of imperialism?

Then he will resign from the House and make a run for the Federal Judgeship."

FACTS AND FICTION.

Experience of Maysville Citizens Are Easily Proven to be Facts—Outside Testimony is Apt to Savor of Romance.

The most superficial investigation will prove that the following statement from a resident of Maysville is probably true. Read it and compare evidence from Maysville along with testimony from outside places, published side by side with this in the columns of this paper. Investigate still further and you will be surprised at the number of people in Maysville, who re-echo what this citizen says: Mr. W. H. Paul, of Market street, near Third, says: "I procured Doan's Kidney Pills at J. Jas. Wood & Son's drugstore, corner of West Second and Market streets, and one box cured me of pains in my back and other evidences of a disordered condition of the kidneys that had given me much trouble for two years or more. This statement of fact is the strongest endorsement Doan's Kidney Pills could have as to their wonderful value."

J. WESLEY LEE,
THE CLOTHIER AND FURNISHER.

Immense!

More so than ever before is the enormous stock of goods I carry, but you can only get a full conception of the magnitude by coming and seeing for yourself, which all are specially invited to do. Being encouraged by my largely increased business of the last year my purchases for the season now at hand have been enormously heavy in order to meet the rapidly growing demands of my trade, which is not now confined to retailing exclusively, but I have a large and steadily growing

WHOLESALE TRADE,

Which has to be supplied with the better class of goods, that are not to be found in many of the jobbing houses. I was early in the market, which enabled me to make my purchases—exclusively for cash—before the advance in prices of many of the leading articles. Therefore, I am prepared to successfully meet any and all competition. I handle nothing but the best goods, all of which I buy directly from the producers in large quantities at prices as low as any jobbing house in the State. I am always in position to sell the very best goods at prices as low, or even lower, than you pay for common, stale and trashy stuff at other places; besides I carry in stock many articles that can't be found in any other store in our city. Special attention is called to my very large and superior stock of

New Crop Plantation Molasses,
Pure Lewis County
Sorghum,

Green and roasted Coffees, Sugars and fine Teas, immense stock of canned goods of all kinds, pure Maple Syrup and Sugar, the finest brands of Ham, Breakfast Bacon and Leaf Lard, put up specially for my trade. Pure Buckwheat Flour, Pancake Flour, Whole Wheat Flour, Graham Flour, Cereals of all kinds, Poultry, Games Oysters, Cranberries, Apples, Oranges, Lemons, Bananas, Figs, Dates, Raisins, Citron, Lemon and Orange Peel, Olives, finest Cream Cheese, Edam Cheese, Pine Apple Cheese, Mince Meat, preserves, Catsup, fine Pickles—sour and sweet—in fact everything to eat of the very best. In addition, and specially for the holiday trade, I have laid in an immense supply of

Candies, Nuts, Fireworks,

which will be sold at net cost to my customers as a Christmas treat. And don't forget the Perfected Flour is the best and that my fine blended coffee has no equal.

People from the country are invited to make my house headquarters when in our city. I run two delivery wagons regularly and all goods will be delivered to any part of city promptly. Come if you can, but if you can't come call up PHONE 83.

THE TOBACCO FAIR.

The Date Is Monday Jan. 21st and Over \$200 in Premiums Will Be Distributed.

The indications are that the approaching tobacco fair will surpass that of last year. An effort is being made to have the dealers and manufacturers of Cincinnati and Louisville present in large numbers, and many have already signified their intention of attending.

The fair will be held Monday, Jan. 21st, and over \$200 will be distributed in premiums. Captain N. Cooper will probably tender the use of his large warehouse on Front street for the display.

The fair is open to all growers of the weed in Kentucky and Ohio, and one of the largest displays ever made of this kind is anticipated. Tobacco growers only can exhibit, all dealers being barred. The intention is to make it purely a growers' exhibit.

THE SHOE FACTORY.

A Small Sum Yet Needed to Complete the Bonus to Aid in Moving the Machinery.

The Board of Trade lacks about \$75 of the sum (\$700) needed to aid in moving the machinery for the new shoe factory here from Cincinnati. It is necessary to secure this money this week. The committee have promises from several citizens, however, and they feel confident of bringing the subscriptions up to the desired amount. If you are disposed to help along in this worthy cause, hand your subscription to any director of the Board of Trade, or to the President or Secretary.

Those who have subscribed should be ready to pay to-day or to-morrow, as the Secretary, Mr. Curran, will be around to collect the subscriptions.

SEASONABLE SUGGESTIONS.

Dear Santa Claus:
Please do bring me a lot of nice things for Christmas.
Willie wants a pair of Ice Skates, for he thinks there's going to be lots of fun on the ponds from now on.
My big Brother Jack says he saw some of the "dandiest" Pearl-Handle Pocket-Knives the other day that ever "came over the pike," whatever that means. But Jack says so many funny things and is such a tease. He told sister she ought to have a nice Coal Vase and handsome Brass Fire Set for the parlor to "show off" when she entertains her best beaux.
Make mama's happiness complete by bringing her one of those beautiful cases of Triple-plated Pearl-Handle Knives and Forks.
Papa would be so proud of one of those fine Pearl-Handle Razors and grandmother would appreciate a set of nice Scissors.
EDITH.
The one thing needed to make this little miss' letter complete is to tell Old Santa where the choicest stock of these useful goods may be found. An exquisite line is being displayed by the
FRANK OWENS HARDWARE COMPANY.

FOR MOTHERS.

The period immediately following child-birth is fraught with many dangers. The strength has been used in the painful ordeal through which the mother has passed and she finds herself helpless and weakened. Many mothers, like Mrs. Ford, date the beginning of their illness from the birth of their child. Indeed the frequent spectacle of a healthy young woman becoming a chronic invalid after motherhood is one of the tragedies of life. All this is unnecessary, when Wine of Cardui is obtainable. It rehabilitates the shattered nervous system, strengthens the organs and ligaments, and re-establishes a healthy, natural condition, saving years of chronic sickness and suffering. Wine of Cardui taken just before confinement will render the ordeal comparatively painless. It will re-enforce and strengthen the organs for their work. For every trying crisis in a woman's life, Wine of Cardui is the medicine to take. Ask your druggist for Wine of Cardui and take no substitute. If one is offered send \$1.00 for a bottle to the Chattanooga Medicine Company, Chattanooga, Tenn.

WINE OF CARDUI

Clarkson, Ark., July 29, 1899.
After my baby was born I took the whites and falling of the womb, and was in a very dangerous condition. I read one of your home treatment books, and commenced to treat myself with Wine of Cardui and Black-Draught. I am thankful for what the medicine did for me, and I am now in better health than I have been for a long time.
Mrs. MARGARET FORD.
